HUGHES BOOM NOW

Chances of the Governor's Candidacy Depends Largely Upon State Committee.

ALBANY, N. Y., Jan. 26 -Possible reorganization of the Republican State committee-more particularly as to the chairmanship of the committee and the personnel of the "Big Four" delegates at large from this State to the Republican national convention to be held in Chicago on June 16 next, are the matters of chief concern now among the politicians in and about the Legislature. These questions center in the preliminary State convention to be held, probably in April, and sedded interest in the proparations in the preliminary elections which will be held in March for the selection of delegates. Legislation, however important, continues to be of secondary importance, compared with these political matters.

The situation has changed in a radical way during the past week.

Two Important Events.

Two Important Events.

One event was the acceptance by Governor Hughes, for all practical purposes, of the candidacy for the Republican presidential nomination, the other closely following was the letter of Secretary Taft to Chnirman Parsons of the Republican general committee of New York county, asking his friends not to oppose indorsoment of Governor Hughes by the Republicans of New York State. The declaration of the Governor was accepted by most of the Republican leaders as leaving the party no option in the matter, the letter of Secretary Taft swent away whatever remained of opposition to the Hughes candidacy, so far as this State is concerned. Chairman Parsons, who hitherto had been regarded as virtually committed to Secretary Taft, at once declared himself for Hughes, and there seems no room for doubt that at the meeting of the New Fork county committee on Wednesday the resolution for the Indorsement of Governor Hughes, on which the committee has twice oscinomed action will be adopted Hughes, on which the committee has twice postponed action, will be adopted

twice postponed action, will be adopted without opposition.

An interesting side issue is the question of the attitude and even of the continued existence of the Hughes State league, of which ex-Senator Edgar T. Brackett of Sarstoga is the president. Senator Brackett declares that the league is now more necessary than before, insimuating that the "Hughes boom" is in greater danger than ever, and that "its enemies have come on board the ship only to scuttle it."

have come on board the ship only to scuttle it."

Ex-Governor Frank S. Black of Albany is mentioned first as representing the Hughes interest in the delegation at large. Black is the man who nominated President Roosevelt at the 1904 convention, and the advocates of Hughes generally want him to perform a like service for the Governor. Governor Black is generally regarded as committed to the Hughes movement, though he has not said so publicly. He and Senator Brackett had a conference late last week, presumably on this subject. It was followed immediately by rumors that the Hughes league would work for the selection of Governor Black as one of the delegates at large, with the special intent of having him place the Governor's name before the national convention.

REVOLUTIONARY SCARE STIRS BUENOS AYRES

BUENOS AYRES, Jan. 26.—Great excitement provails here owing to the issuance of an executive decree closing the extraordinary sessions of Congress and putting into effect for the current fiscal year the 1907 budget. This extreme measure which seems to meet with seneral year the 1907 blugget this extreme measure, which seems to meet with general approval, was occasioned by the obstructive attitude of the majority in the Schate, through non-attendance, with the result that neither the budget nor other legislation could be dealt with the government being left powerless to meet ordinary expenses.

dinary expenses.

President Alcorta, in stating these reasons for the issuance of the detree, declares that the forces of law and order are prepared promptly to suppress any subversive or violent movement on the part of the opposition. This, however, is not anticipated.

Reserving the threat of the opposition

Regarding the threat of the opposition to meet despite the decree closing Con-gress, the government has decided to pre-vent such meetings by all means in its

power.

President Alcorta, in an interview to-day, said that the whole country is tranquil. He declared that he did not believe there would be any attempt at rebellion, but in any case, he added, the government is perfectly able to enforce respect for its decisions.

Transvaal Relents.

JOHANNESBURG, Jan. 26.—The Transvaal government has decided to reconsider its attitude toward Asiatics, with a view to finding a less objectionable registration system. It is understood that a judicial investication of the subject will be instituted gending which all prosecutions for violation of the present law will be dropped.

SENSATION CAUSED BY DELCASSE IS GROWING

PARIS, Jan. 26.—The sensation caused by the speech of M. Deleasse, the late forelga minister, in the chamber of deputies on Friday is growing and resumption of the debate tomorrow is eagerly awaited.

The great attention which the speech attracted abroad has whetted French curtosity to a high pitch. Frenchmen are asking what Deleasse meant by the velled insinuation that he was sacrificed to German raparity and, indeed, was the victimof a plot, how close were France and Germany to war? But these questions are not likely to be answered, nor the popular culresity satisfied. M. Rouvier, who was premiler, and General andre and M. Pelletan, who were minister of war and minister of marine, respectively, at the time when M. Deleasse was minister of forelga affairs admit that they understand M. Deleasse a slussions, but they evidently regard a post-mortem now as both a serious and a futile thing, especially as the German newspapers are showing irritation.

Premier Clemenceau personally desires

tation. Premier Clemenceau personally desires to reply to M. Deleasse, but the majority of his cabinet prefer to ignore the whole mutter and treat his attitude as being attributable to personal pique. Surprises, however, may occur, in any event, the speech will have one effect; it will insure a Government majority against M. Jaures's policy of withdrawing from Morocco.

FIRE PANIC IN THEATER NEARLY CAUSES DISASTER

DES MOINES, Ia , Jan. 26.—That there were a number of cool heads in the Grand Opera house probably saved many lives

tonight.

The Evans Cafe, across the alley from the pinyhouse, was burning, and smoke issued through an open window in the opens-house. Some one yelled "fire!" and the inevitable panic followed. D. E. Braddish jumped to the stage and yelled at the top of his voice:

"Keep your seats; no fire in this house."

house."
This did not stop the people. The most conservative kept their heads, but a general rush followed. Much crowding and pushing was done in the gallery and balcony and a woman fainted.
The fire was extinguished and quiet was restored after thirty minutes and the play, "The Two Orphans," was allowed to continue. Most of those who had rushed from the theater returned to their scats. About 1200 people were in the theater.

OBALDIA A CANDIDATE TO SUCCEED AMADOR

PANAMA, Jan. 35.—Don Jose Domingo de Obaldia, minister from Panama to the United States, who, during the recent absence of President Amador in Europe, officiated as acting President, has announced his candidacy for the presidency and published what may be considered the platform on which he will run.

It is reported that Richard Aras, exsecretary of Government, also will publish the announcement of his candidacy and an abstract of his platform, as President Amador has emphatically made it known that he will not be a candidate again, and Jose Augustin Arango, who recently was acting minister at Washington, has refused the nomination.

ANOTHER OUTRAGE BY NIGHT RIDERS' BAND

HOPKINSVILLE, Ky., Jan. 27—H. R. Rodgers of this county was visited night before last by a party of about seventy-five night riders. He was called from his house and severely whipped with buggy whips. Mr. Rodgers is a member of the "Association," but is alleged to have sold his tobacco outside of the organization. He had received, it is said, a warning not to do so, the warning being coupled with a threat. Several shots were fired into his house, and all telephone wires were cut.

MENELIK WILL MAKE PRESENT TO THE POPE

BOME, Jan. 20—It is announced that Rev. Father Maria Bernado of the Capuchin order, who was sent by the Pope in July last to Addis-Adeba with a decoration for King Menelik, is returning here with an autograph letter from Menelik and two lions as a prosent for the Pontiff. Father Bernado will bring with him to Rome an Abyssinian Catholic priest, who suffered persecution and imprisonment at the hands of the Coptic priests and whose liberation was secured through King Menelik.

TRIBESMEN ONCE MORE REPULSED BY FRENCH

TANGIER. Jan. 26.—Advices received here state that the Zenatia and Ouled All tribes attacked the French troops on January 23, but were repulsed with severe loss after four hours fighting. The French Littoral and Mediouna columns had just affected a innettion when the tribesmen, in battle array, covering a front about four miles, swept down in crescent formation. The Spahis bore the brunt of the attack making several gallant charges, which, however, interfered to some extent with the work of the artillery. One French officer and five privates were wounded.

JOHN D. HEARS SERMON BY COLORED MINISTER

AUGUSTA, Ga., Jan. 27.—John D. Rockefeller occupied his first Sunday morning in Augusta this winter in listening to a sermon in the Tabernacle Baptlat church (colored) by Rev. G. T. Walker. Walker got out of a sick bed to preach when informed that Rockefeller would be one of his congregation. After the sermon Mr. Rockefeller held a conference with Walker in the latter's study, when he "made a very generous donation to the church."

CAMPBELL-BANNERMAN IN POOR STATE OF HEALTH

LONDON, Jan 27.—There is some anysety in political circles over the listalth of the Premier, Sir Henry Campbell-Bannerman, who is confined to his rooms with a cold. His holiday at Riarritz, though it was successful as far as recovery from his recent attack of heart failure was concerned, failed to build up his strength and the Premier will be obliged earsfully to husbend himself during the coming Parliamentary session. Whenever secondary business will permit him to do zo, the Premier will absent himself from Parliament, leaving the conduct of affairs in the commons to Herbert H. Asquith and Sir Edward Grey.
